BACKING OUR PARTNERS IN CRAFT

Virginia's beer distributors proudly support craft breweries, which have grown rapidly in the Commonwealth thanks to a 2012 law that allowed for breweries to serve beer on premises. That law led to a boom in breweries (of which there were only 37 in 2010) and distributors today help the vast majority of them get their products onto shelves and taps across Virginia and beyond.

PROTECTING CONSUMER CHOICE

The Virginia Beer Wholesalers Association is the leading voice for the Commonwealth's independent, family-owned beer distributors.

Virginia's beer wholesalers are strong supporters of the Three Tier System as a mechanism for maintaining product choice, regulatory control and tax collection. Our members serve every corner of the Commonwealth.
